Parks and Recreation Open House

Meeting: Parks and Recreation Open House
Date/Time: Tue, Oct 29th 3:00pm - 7:00pm
Location: Parks and Cemetery Building, 429 East 24th Street

Every five years, the City of Holland must update the Comprehensive Parks and Recreation Master Plan to remain eligible for maximum grant funding. The process has just begun for the 2014 update to this Master Plan. Planners and landscape architects with Edgewater Resources of St. Joseph, Michigan will be working with the Holland Parks and Recreation Department and with the City Manager in the upcoming months to determine the current status of Holland Parks and Recreation Programs, and to create a vision for these parks and programs for the next five years.

We would like to invite you to be part of this important process. Between 3PM and 7PM on Tuesday, October 29, the Edgewater Resources team will be in the Parks and Cemetery Building (429 East 24th Street). The team would like to meet with leaders or representatives of community groups to gain valuable input that will be incorporated into their Master Plan update for the City of Holland. From athletic organizations to service groups to business owners, any focus group with ideas for the future of Holland Parks and Recreation is encouraged to attend.

Please respond by email or by phone with the name of your organization, a contact person's name, and the 30 minute time slot of your choice.

Contact Information: Brandon Mersman b.mersman@cityofholland.com or 616-355-1310.

We look forward to hearing from you!
