

City of Holland Launches New E-Newsletter

Press release date: 2013-05-02

The City of Holland today unveiled a new e-newsletter. This is a resumption of a practice the City engaged in years ago -- though, of course, with a technological twist. The e-newsletter will provide another means -- along with, for example, the website, [Facebook page](#), [Twitter feed](#), or [Cable TV/Video venues](#) -- for the City of Holland to communicate with the people, organizations, and businesses of Holland about new and recent events in their city. Signup is free and [easy!](#)

Let us know what you think! Please direct comments and suggestions to the City Manager's office in City Hall (manager@cityofholland.com or 616.355.1310).
