

## Finding and Rearing Giant Silk Moths

**Event Title:** Finding and Rearing Giant Silk Moths

**Date/Time:** Sat, Jun 28th 2:00pm

**Location:** DeGraaf Nature Center

**Finding & Rearing Giant Silk Moths** Some of our continent's largest, most impressive moths can be found right here in Michigan, yet many people can go years without encountering one. Becoming privy to their life cycles and behaviors greatly increases your chances of finding Cecropia, Polyphemus, Prometheus and Luna Moths in any meta-morphic stage. Those attending the program will have an opportunity to take home caterpillars to raise. Presented by Jim McGrath of Nature Discovery. For school-aged children and old-er. **Fee: \$3 per person. Call to register.**
