

Parcel Property Maps

The map indicates the location and name of each of the quarter sections contained within the city limits of Holland. A quarter section is 1/4 of a 1 mile square, each quarter section is 1/2 of a mile on each side.

You can view the parcel numbers contained in each quarter sections in the table below.

Each map contains an aerial photo of the land area for reference. The aerial photos used in these maps was taken in Spring of 2004.
