My wife, Rhonda, is the Principal of Holland High School. We have two daughters, Alex and Abby. Our family dog is Buddy.

Holland Public Schools was my teaching home for 36 years. At this time in my life I have a new opportunity to serve this community.

Born and raised in this city, I was taught to love God, do your best, be happy with what you have, use your gifts wisely, work hard, tell the truth, be kind, see what needs to be done and do it, respect others and honor your family.

With vision, insight and wisdom, we can face old and new challenges. You are this city, get involved, ask questions, study the issues, suggest answers and keep an open mind.

I am here to work with all citizens. Lets study our city's issues and search for reasonable solutions, knowing that we may not always agree.
