

Macatawa Marsh Set to be Burned

Press release date: 2013-04-01

****UPDATE**** 4/24

The Burn has been cancelled.

****UPDATE**** 4/23

****This is now scheduled for 4/24 the burn should start mid day, weather permitting.****

Efforts to manage invasive grasses will continue this spring in the Macatawa marsh. This year, invasive plants will be controlled by prescribed fire.

The burn will take place between April 4-April 19. An exact date is impossible to predict due to the high dependency upon the weather. Please read the attached documents for more information, and answers to FAQ. Thank you-
