## Public Meeting #2 Reminder 10th Street Reconstruction Project

The City of Holland is planning to reconstruct 10th Street from Lincoln Avenue to Van Raalte Avenue during the 2021 construction season. We are beginning to put together plans for the project and would like your input, particularly after our recent cycle track demonstration.

Given the current meeting restrictions in place due to COVID-19, masks will be required for those that want to attend the meeting in person. We encourage residents to join the meeting virtually at the YouTube web address below during the meeting time. We will be live streaming the meeting and monitoring the chat box during the meeting to answer questions. You can also submit questions or comments ahead of the meeting via email to [transportation@cityofholland.com](mailto:transportation@cityofholland.com). This is the second public meeting regarding the 10th Street project and we expect there will be one additional public meeting later this year.
